**DRUGMONEY**

Mtn Cty Jnk (Hybrid: hybridrocknroll.com)

**WHO?** Asheville, North Carolina, rock act who bridge the musical gap between Jets To Brazil and Dinosaur Jr.

**SOUNDS LIKE:** Layered guitars, tasteful keyboard flourishes and a vocalist who's a dead ringer for Blake Schwarzenbach.

**HOW IS IT?** All the songs here are keepers, and the best part is that they don't all sound the same. We're predicting big things for this band in 2004.
